SUMMARY

- 10+ years designing and delivering systems across cloud infrastructure, API integrations, data pipelines, and marketing technology.
- Full-stack engineering and marketing leadership background — understand what systems need to do for the business, not just how to build them.

SOFT SKILLS

- **Stakeholder Orchestration:** Translates business objectives into technical requirements; communicates ROI and risk mitigation to C-suite and engineering teams alike.
- **Autonomous Ownership:** Leads the full architectural lifecycle—discovery, POC, and deployment—with zero oversight required.
- **Strategic Scoping:** Expert in technical discovery and SOW definition, balancing business velocity with technical feasibility.
- **Systems Thinking:** Aligns architectural decisions with long-term business outcomes to ensure technology serves as a revenue multiplier.
- **Cross-Functional Leadership:** Builds consensus across engineering, product, and marketing to drive complex, multi-departmental initiatives.

TECHNICAL SKILLS

Cloud: AWS (Amplify, Lambda, Cognito, RDS, S3), GCP, Vercel, Supabase

Platforms: WordPress VIP, WooCommerce, GTM, GA4, Mailchimp, Five9, Zapier

Languages: PHP, JavaScript, TypeScript, Python, SQL

Frameworks: React, Node.js, TailwindCSS

CERTIFICATIONS

- Google Cloud Digital Leader (GCP-DL)
- Azure Fundamentals (AZ-900)
- AWS Solutions Architect Associate (SAA-C03)

EDUCATION

Case Western Reserve — Full Stack Web Development

Miami University — International Marketing

PROFESSIONAL EXPERIENCE

Tall Karol — Principal Solutions Architect

2023 — Present

- Scoping, designing, and shipping systems end-to-end across cloud infrastructure, API integrations, and MarTech — from pre-sales discovery through production deployment.
- AWS document portals, Python ETL pipelines, UTM attribution, locally-hosted AI transcription (HuggingFace), GTM components, WordPress VIP performance (LCP 5.5s→3.2s).
- AI-forward — LLM tooling for analysis, docs, and iteration; local AI tooling for inference, automation, and workflows without external data.

Universal Windows Direct — Backend & Integration Engineer

2021 — 2023

- Automation infrastructure, API integrations, and internal tooling for marketing, sales, and operations.
- Custom API connecting Five9, Mailchimp, CRM; shared logging framework; lead management systems; cron-based data pipelines; Joomla→WordPress migration with zero downtime.

Mineralife Nutraceuticals — Web & Marketing Systems Consultant

2021 — Present

- Engineering improvements across B2C ecommerce and B2B.
- WooCommerce data dashboard for order/inventory/revenue; lifecycle automation and segmentation; integrations between WooCommerce, email, and analytics.

Perfect Power Wash — Marketing Director / Head of IT

2019 — 2021

- Owned strategy and technology stack during expansion from 1 to 4 markets.
- Internal tooling for call center, lead management, marketing automation; hired and trained developer.
- 237% conversion increase, 175% CTR via A/B testing; data infrastructure and dashboards for multi-market visibility.

Freelance Developer / Designer

2009 — 2019

- 10 years of client-facing work: full-stack web development, brand strategy, ecommerce builds, digital infrastructure.
- Expertise in requirements gathering, project scoping, and systems thinking that underpins current architecture work.

REFERENCES

> *"He's one of the rare professionals who can bridge the gap between deep technical capability and real business understanding. Whether the work involved internal tools, customer-facing platforms, or data connections between legacy systems, he always approached challenges with clarity, logic, and a calm, solutions-focused mindset."*

John Kosmides — Vice President of Marketing, Perfect Power Wash & Universal Windows Direct
